

PRESIDENT'S REPORT

MURWILLUMBAH VETERANS GOLFERS

2015-16 was another excellent year for us. Our total membership has increased to 184 and we average over 60 players each Monday.

Our usual two big events for the year, the Week of Golf in August and our Open Day in September (delayed from June due to bad weather) were very successful with lots of good feedback from visiting players.

Col Hulme once again organised another great trip to Tenterfield in March and our Captain Ray Kent arranged an excellent one day trip to The Glades. Both these are subsidised for our Members.

We contributed to the M.G.C. with a couple of Working Bees and we purchased an extra scanner for the computer just prior to our Week of Golf.

On a sad note for the year we lost one of our valued members, Jock McKillop who lost his fight with cancer.

Our Monday morning competition utilising the first and tenth tees is working well. It is good to see members are alternating between both tees. Just a reminder to those players who prefer to utilise early time slots, it would be very helpful (particularly to our Providore) if a couple of you on Barbeque Day, the last Monday of the month, could take the meat out of the cool room and start up the BBQ.

The past three years Rob Bradford has been Tournament Director for the Week of Golf as well as our Secretary. Rob and Judy are planning a lot of travel next year and he is not nominating for either position.

Rob, you have done an outstanding job and the Committee, and I particularly, will miss you heaps.

On the subject of communication, please can all of you keep your email addresses updated and current. It is vital to us in this current age of communication with you.

Finally I wish to sincerely thank all the committee for their excellent efforts. You are a great team.

R.C. (Bob) Green
Honorary President
