

It is with great pleasure I submit my report for 2018. After a great year for golf there was a lot played with very good fields week in week out.

The presentation of the course is a big credit to Brian Cox and his small staff in numbers but not enthusiasm, well done.

A big thankyou also to all the volunteers for their work on course and big golf events through the year. Notably the work done by Ted Selwood marking tree roots, thankyou Ted. Golf operations manager Adam Causley and staff continue to provide excellent programming and service in the golf shop for members and especially to myself and the match committee, thank you Adam, Brad , Chris, Lucas and Brett.

Northern Rivers pennants season was played in good spirit with division one coming away with the pennant. Thank you to all pennant players for effort. The championships were well contested with big fields all 4 rounds. Congratulations to all the grade winners but especially to Warren Colefax for his win in the top grade, club champ again.

I would like to thank the match committee, Stephen Walton, Darren van Egdom, Shannon Murnane and director Andrew Moore with Ladies Captain Jenny Miller for their input and support throughout the year and to Steve Walton especially for his work on Thursday afternoon competitions.

In closing I thank all the members of our great golf club for making it just that, a great place to be, play golf and socialise.

Wishing you all a safe and healthy 2019.

Good golfing
Neil Fogo Captain
