With regard to the coming election:

The club has had another great result under the guidance of the current committee. With numerous large projects already in the pipeline such as a new kitchen, improved car parking and flood proofing the course and I feel continuity of the board is very important to our club at this time.

In addition, my aims include maintaining and strengthening the “golf activities” and traditions in Murwillumbah Golf Club. Over the last year the match committee has gone from strength to strength with a great team and true purpose. We have introduced a number of new competitions and initiatives to improve the golfing experience at the club. And we have overseen the integration of the new rules and improved the service of the golf operations.

Going forward I will be promoting great service for the members and guests in all golf course and club house operations. We are looking for more efficiencies, user friendly and up to date systems and quality products at reasonable prices. The Lady Golfers and Veterans added great value to the club, and I look forward to supporting those groups even more in the future.

If elected I look forward to continuing my objectives working closely with the Match Committee, House committee and management team.

In summary my aim is to ensure that the Murwillumbah members get the best of service, have outstanding facilities and that the club continues to profit and re-invest for the benefits of the all members who will enjoy long term stability.
