There will be 2 weeks of qualifiers starting on Wednesday 3rd Feb through to Saturday 13th but the round you nominate will be the only round submitted in the qualifiers. Top 64 progress through to the next round. **There is no second chance to qualify.** Please try contact your opponent as early as possible to make this flow as easy as possible. Sometimes we need to be flexible to make this happen.

There is \$5 entry fee payable on the day you wish to qualify on, non-refundable if you do not qualify.

The first round of playoffs will start on the 20th of Feb (round of 64). IN Handicap match play, strokes are given on some holes to one player on the Matchplay index for the hole. The handicap allowance is calculated by subtracting the lowest handicap from the highest handicap. The lowest handicapped player goes to scratch, and the other player gets strokes on the holes match indexed below or equal to this difference.

Example: Dave has a playing handicap of 12 and Glen a playing handicap of 20. Dave will do to scratch and get no extra shots on any hole. Glen however gets a handicap of $20 - 12 = 8$, so will be given an extra stroke on every hole where the strokes given is 8 or below.

This index can be found on the back of your scorecard.
