

**Malcolm Donnelly**

**Background:**

I was a member of Murwillumbah Golf Club from about 1983 until 1997. In 1998 I stopped playing golf to focus on my business and family. I re-joined the Golf Club about 4 years ago as a playing member.

**Employment:**

I have lived and worked in Murwillumbah all my life. I worked as an apprentice electrician and have been self-employed for the last 30 years, operating my business, Mal Donnelly Electrical.

**Golf Experience:**

When I returned to golf four years ago, I joined Old Boys Social Golf Club. In early 2020 I was elected Old Boys Captain and Handicapper.

I have witnessed many positive changes to the Club in recent years, from the new deck and dining area, course improvements, including third and sixth green and seventh fairway. I would like to continue to see the Club and the facilities continually improved in a positive manner and I look forward to contributing to the Club in the future.
