

Profile Shane Davidson

I have been a member of the Murwillumbah Golf Club for several years and was privileged enough to be elected to the Board of Directors for the past 12 months.

I have made numerous friends at the club from when I first joined and have found the members of the club to be so warm and welcoming. As a result, I was and am extremely keen to give back to the club and have decided to nominate once again for the Board of Directors at the upcoming election.

I have enjoyed the fact I have been able to contribute in a meaningful way as a member of the Board for the last year. It has been a challenging and ever evolving year for the club with Covid restrictions. The club is in a solid financial position due to the decisions made by the Board this year. I want to see that financial position used wisely for the benefit of all club members in the future.

I am keen to continue improvements to the course in my role as a member of the green subcommittee. The improvements made this year have enhanced the course and there is so much more to do in that space.

Over the years I have formed the ability to bring to the table a strong governance background from my previous roles. I have strong communication skills with the ability to build consensus when required which I have used this year as a member of the Board.

If elected I will use all the skills, I have developed over the years to ensure the best interests of the Club and all its members are my priority.

I would be honoured if I was to be elected once again to the Board as I want to continue to do what is best for all the members of the Murwillumbah Golf Club.
