Etiquette in the game of golf:

1. In the interest of all, players should play ready golf and play promptly.
2. All games to be completed in no more than 4 hours and 20 minutes.
3. No player should play until the players in front are out of range.
4. Players searching for a ball have 3 minutes to do so.
5. When the playing of a hole has been completed, players should immediately leave the putting green. If you are falling behind, two players should putt out and move to the next tee to tee off.
6. No-one should move, talk, stand close to or directly behind the ball or the hole when another player is addressing the ball or making a stroke.
7. Players should not park their buggies in front of the green and players should exit the green by the side or back of the green.
8. Before leaving a bunker, a player should carefully fill up and smooth over all holes and footprints.
9. Through the green, a player should repair all divots with sand. So, please take a bucket of sand. Also, any damage to the green made by a ball or player should be repaired.
10. The flagstick should be properly replaced in the hole before the players leave the putting green.
11. In taking practice swings, players should avoid causing damage to the course, particularly trees, and should repair any such damage.
12. At the conclusion of the game, players should return their cards promptly to prevent delays in producing competition results.
13. Players, remember that committee members are volunteers and as such should be treated respectfully and with good grace.
